

DSK Benelli wins 'Bike Manufacturer of the Year - 2015' from MotorBeam.com

This would have not been possible without Team Work & Support. Thank you all for making DSK Motowheels a force to reckon with, in the Indian Superbike Industry.

Bike Manufacturer of the year – A very close tie with another manufacturer, it was DSK Benelli that managed to emerge out on top. Coming out with all guns blazing, the automaker launched 5 motorcycles in one go, and also set-up sales and service networks across the country in key cities right away.

Even though the bikes come via the CKD route, the pricing is very good, especially for the TNT 600i and TNT 600 GT. All the 6 offerings have an exhaust note which will make you sit up and take notice, wanting to hear the machines rumble all day long.
